

Sebastian Rowan

PH.D CANDIDATE IN CIVIL AND ENVIRONMENTAL ENGINEERING

University of New Hampshire, Durham, NH

🗨️ He/Him | ✉️ sebastian.rowan@unh.edu | 🏠 sebastianrowan.github.io | 📱 [sebastianrowan](https://sebastianrowan.github.io) | 📧 sebastian-rowan-72490170

I am Ph.D. candidate in civil and environmental engineering researching the impacts of flood events and climate change on people and communities. The goal of my research is to develop a more comprehensive understanding of the risks posed by floods to enable the development of mitigation efforts that prioritize long-term sustainability and community well-being rather than maximizing financial return on investment.

Education

University of New Hampshire

Durham, New Hampshire

PH.D. CANDIDATE, CIVIL AND ENVIRONMENTAL ENGINEERING

2024 (Expected)

- Dissertation Title: Towards Sustainable Flood Risk Management: Incorporating Uncertainty and Environmental Impacts
- Advisor: Dr. Weiwei Mo

University of New Hampshire

Durham, New Hampshire

B.S. ENVIRONMENTAL ENGINEERING

2016

Experience

U.S. Army Corps of Engineers, Engineer Research Development Center

Vicksburg, MS (Remote)

ORISE GRADUATE RESEARCH FELLOW

Sep. 2020 - Present

- Contributed to research effort to quantify "Other Social Effects" of floods not typically included in cost-benefit analyses for flood risk management projects.
- Lead systematic literature review and meta-analysis to identify risk factors for mental health impacts of floods
- Contributed to Tier 1 Other Social Effects/Environmental Justice Analysis for the USACE New York/New Jersey Harbors and Tributaries Coastal Storm Risk Management Feasibility Study
- Contributed to social vulnerability analysis of future flooding in the Mississippi River Valley

University of New Hampshire

Durham, NH

RESEARCH ASSISTANT

Fall 2018, Spring 2020

- Resilient Bridge Planning in Mozambique - Bridge Failure Risk from Flooding and Climate Change
- PI: Dr. Kyle Kwiatkowski

University of New Hampshire

Durham, NH

TEACHING ASSISTANT

2019 - 2020

- CEE 705: Introduction to Sustainable Engineering (Fall 2019, Fall 2020)
- CEE 502: Project Engineering (Spring 2019)

New Hampshire Department of Transportation, Bureau of Planning and Community Assistance

Concord, NH

CIVIL ENGINEER I-II

2016 - 2018

- Contributed to the development of statewide asset management system for culvert and closed drainage systems in partnership with UNH Technology Transfer Center/SADES.

University of New Hampshire InterOperability Laboratory

Durham, NH

10 GIGABIT ETHERNET TECHNICIAN

2014-2017

New Hampshire Department of Environmental Services, Air Resources Division

Concord, NH

ENVIRONMENTAL TECHNICIAN

2015

Awards

UNH 3-MINUTE THESIS (3MT) COMPETITION

2025

- 3rd Place

Oral Presentation.

Open Source Projects

SVIBUILD

Active

- An R package that allows users to download or construct the CDC's Social Vulnerability Index as a tidyverse or simple features data frame.
- Enables greater flexibility in region selection for SVI analyses than is possible with state- or national-level datasets hosted by CDC.

NSI DATA QGIS PLUGIN

Active

- A QGIS plugin that downloads data from the USACE National Structures Inventory for a specified region and adds it to a map.

NSIPY

Active

- A Python package to download data from the U.S. Army Corps of Engineers National Structures Inventory using the NSI API.
